To the Select Men of Southborough. The Petition of us the Subscribers

Humbly Sheweth

That whereas this Town did on May last, chuse Agents to manage the Cause between Hopkinton and Southborough, relative to Elisha Bruce and his Family; That Hopkinton have desired a Conferrence in order to come to an amicable agreement; That the desired Conferrence has taken place; at which, in our opinion, the Proposals of Hopkinton were very reasonable, which notwithstanding were not complied with by the Agents; That the Cost we must pay according to the Proposals of Hopkinton may be far less than must be expended in carrying it through the Law, even though we should get the Cause.

Wherefore, for the above Reasons, with others, we earnestly request that you would call a Town meeting as soon as may be, to consider of the Premises, and see whether the Town will accept the Terms of Hopkinton, and if so, to dismiss the agents, or pass any other Vote or Votes concerning the same; as they shall see cause when met.

And your Petitioners shall ever pray. &c

Whereas Horatio Stevens a Minor child of Charles Stevens formerly of Southborough is poor and destitute, and actually chargeable to the Town of Southborough

This Indenture, made this Twenty eighth day of October A. D. 1861 by and between the undersigned, Overseers of the Poor of the said Town of Southborough of the first part, and the WORCESTER CHILDREN'S FRIEND SOCIETY, a corporation duly established by law, of the second part, Witnesseth:

That the parties of the first part do hereby put, place, bind, and indent the said Minor child to the said party of the second part, to be retained, employed, and instructed by the said Society, or to be, by the said Society, bound out or disposed of in like manner as other children whom they are authorized by law to receive into their Institution, until said child shall arrive at the age of Twenty one years.

And the party of the second part on their part covenant and agree with the parties of the first part and their successors in said office, that they will admit said child into their Institution to be maintained and employed by said Society, and that said child shall be instructed in moral and religious duties and the branches of learning usually taught in the Commonwealth, and at least, taught to read, write, and cipher, if of suitable capacity. Or they will bind out said child when of suitable age, as a domestic in some virtuous family, or as an apprentice at some reputable trade until of the age last aforesaid, to be maintained, employed, instructed, and taught as aforesaid. Or they will place said child in the family of some virtuous and respectable citizen, to be brought up in such family as an adopted child and a member thereof. And that suitable provision shall be made for said child in sickness and in health, for his comfortable support.

In Witness Whereof, the Parties above named, viz. the said Overseers, have hereunto set their hands and seals, and the said Children's Friend Society, by their Matron Tamerson White thereto duly authorized, have hereunto set their corporate name and seal, the day and year first above written.
